## PERSONAL PROFILE

---

Certified as an Oracle Certified Associate, Java SE 8 Programmer, and a graduate of the ALX Software Engineering program, I bring technical proficiency in Java, JavaScript, Shell scripting, and Git. My previous experience in finance and customer service has helped me develop strong problem-solving abilities, effective communication, and a deep understanding of user needs—skills I now apply to software development.

I am passionate about creating efficient, scalable solutions and eager to tackle new challenges that allow me to grow professionally. I look forward to contributing to dynamic teams and continuously enhancing my technical expertise in the tech industry.

## EDUCATION

---

<b>ALX Africa</b>	Jan 2025
<i>Software Engineering Certificate</i>	
<b>Digital Youth ICT</b>	Nov 2024
<i>Oracle Certified Associate, Java SE 8 Programmer</i>	
<b>Phomolong Secondary</b>	Dec 2014
<i>High School, Matric</i>	
<b>IT Varsity</b>	Jul 2025
<i>Certificate in Full Stack Development</i>	

## PROFESSIONAL EXPERIENCE

---

<b>CodSoft, Remote</b>	Dec 2024 - Jan 2025
<i>Intern Software Developer</i>	
<ul style="list-style-type: none"><li>Contributed to various coding projects, maintaining a GitHub repository to showcase skills.</li><li>Collaborated with team members to improve coding practices and problem-solving approaches.</li><li>Utilized object-oriented programming concepts like encapsulation and abstraction to create a clean and maintainable codebase.</li><li>Implemented input validation and logical checks to ensure system accuracy and reliability.</li><li>Built a user-friendly, menu-driven interface for seamless interaction with the system.</li></ul>	
<b>Ecoosty, Hybrid</b>	Mar 2025 – Aug 2025
<i>Software Developer</i>	

- Contributed to new Implementation of Laravel Livewire authentication flows with backend password reset logic.
- Migrated legacy UI components to a fully responsive, utility-first design system while maintaining controller functionality.
- Developed and maintained form-based features with server validation and Livewire real-time handling.
- Improved user experience in password reset and login workflow issues between Livewire and Laravel controllers.
- Ensured cross-device compatibility and clean, maintainable fullstack code.
- Collaborated in a component-driven development workflow, adhering to modern Laravel practices.

## PROJECTS & EXTRACURRICULAR

### Movie E-Recommendation

Dec 2024 – Present

- A full-stack web application offering personalized movie recommendations based on user preferences.
- Tech Stack: React, Node.js, Express.js, MongoDB, JWT, TMDb API
- Developed user authentication, recommendation systems, and interactive movie browsing.
- Integrated API routes to handle backend data and connected it seamlessly to the frontend.

### Files Manager

Oct 2024 – Present

- A file management platform for uploading and viewing files with user authentication.
- Tech Stack: Node.js, Express.js.
- Developed file handling features with a secure user management system.

### OneKeyBags

Jun 2024 - Present

- An e-commerce platform enabling travelers to quickly access essential items, reducing last-minute stress.
- Tech Stack: HTML, CSS, JavaScript, Node.js, Express.js, MongoDB, Netlify,
- Developed a responsive and intuitive UI for seamless shopping.
- Built secure user authentication and order management features.
- Implemented backend APIs for product listings, cart, and checkout.
- Integrated MongoDB for dynamic product and user data storage.

## SKILLS

**Programming languages:** Java, JavaScript, C#, PHP, HTML, CSS

**Web Development:** React, Laravel, Node.js, Express.js, RESTful APIs, ASP.Net, MongoDB, Alpinejs, Apache, TailwindCSS, UI/UX Principles

**Version Control & Collaboration:** Git, GitHub, Asana, Trello

**Technical Skills & Frameworks:** JWT, Shell Scripting, Object-Oriented Programming (OOP), Debugging, SDLC, Unit Testing (Jest, Mocha, Chai),Springboot

**Data Visualization:** Infogram, Excel, MySQL, SQL Server, Microsoft 365

**Languages:** English, Tsonga, Zulu, Sepedi and Xhosa

**Driver's License:** C1
